The American Embassy to the Zimbabwean Ministry of Foreign Affairs

Salisbury, June 2 1981

No. 36

The Embassy of the United States of America presents its compliments to the Ministry of Foreign Affairs of the Government of Zimbabwe and has the honor to refer to certain requirements of United States law concerning the provision of training related to defense articles under the United States International Military Education and Training (IMET) Program.

The provisions of United States law in question prohibit the furnishing of IMET training related to defense articles unless the recipient country shall have first agreed to observe certain conditions with respect to such training. These conditions are:

1. That the recipient government will not, without the consent of the United States Government--

A. Permit any use of such training (including training materials) by anyone not an officer, employee, or agent of the recipient government;

B. Transfer or permit any officer, employee, or agent of the recipient government to transfer such training (including training materials) by gift, sale, or otherwise to anyone not an officer, employee, or agent of the recipient government; or

C. Use or permit the use of such training (including training materials) for purposes other than those for which furnished by the United States Government;

2. That the recipient country will maintain the security of such training (including training materials) and will provide substantially the same degree of security protection afforded to such training and materials by the United States Government;

3. That the recipient country will permit continuous observation and review by, and furnish necessary information to, representatives of the United States Government with regard to the use of such training (including training materials); and

4. That the recipient country will return to the United States Government such training materials as are no longer needed for the purposes for which furnished, unless the United States Government consents to some other disposition.

Inasmuch as the IMET Program with the Armed Forces of the Government of Zimbabwe may include training related to defense articles with respect to which the agreement of the Government of Zimbabwe to observe the foregoing conditions is required, the Embassy of the United States of America has the honor to propose that this note, together with the note in reply of the Ministry of Foreign Affairs stating that such conditions are acceptable to the Government of Zimbabwe shall constitute an agreement between the two governments on this subject, to be effective from the date of the Ministry's note in reply.
